

The Chaser (Remastered)

Scooter

Alright-liquid bass babe, I 'm on your mind
Slide on in between
It forces me to action
Where is the response?
Plead, like a sneak, do not rob, do not thief
Be keep headstrong, no surrender, no retreat
Vicious and clean, edge like a laser
Words to hit you like a laser
It 's free the sweet one, the short and the brief one
I am the chaser
Alright crew, come on, yeah
Speak no lie, I tell the truth
Save my breath, you break the rules
Time will tell ya who is who
Side by side we are the dangerous crew, yeah
Vicious and clean, edge like a razor
Words to hit you like a laser
It 's free the sweet one, the short and the brief one
I am the chaser
Ah, coming on down, just keep it real, yeah
I take it to extremes
I play it one, two, three
Mutilate my dreams
Mirror turned on me
Plead, then i go on like a sneak, do not rob, do not thief
Be keep headstrong, never be weak, no surrender, no retreat
Speak no lie
I tell the truth
Time will tell ya
Who is who
Vicious and clean, edge like a razor
Words to hit you like a laser
It 's free the sweet one, the short and the brief one
I am the chaser
Time will tell ya who is who
Side by side we are the dangerous crew
I am the chaser
