

Vincent Price Blues

Zz Top

Ah, there's a rockin' time on the borderline
Between sundown and up
There's an off the wall cantina, man
Just waitin' to tear you up
The locals know that in you go
And out con nalgas fried
Night descends, the fun begins
Way out the other side
But I didn't say it, oh no no
Vincent Price said, "It's alright"
Vincent Price said, "It's okay"
There's a very cherry charmer
Oozin' groovin' grease
She comin' with the graveyard shift
A pleasin' teasin' squeeze
El jeffe holler mucho mas
Get some sucker's ass inside
I think you know you gotta go
To get some satisfy
But I didn't say it, oh no
Vincent Price said, "It's alright"
Vincent Price said, "It's okay"
It's alright
Ah!
I've dined at Spago and Eclipse
And 'What A Burger' too
I've had mescal with lotsa gals
Along Fifth Avenue
I always shot the best they got
Dinero no problema
Ain't no quarter south the border
In this off the wall cantina
But I didn't say it, oh no
Vincent Price said, "It's alright"
Vincent Price said, "It's okay"
Vincent, Vincent Price said, "It's alright"
Ah, Vincent Price said, "It's okay"
