

# Jenn's Song

## Bleach

Guess, I was waitin'  
For somethin' better to come  
Some sort of greatness  
Maybe you are the one Sometimes, the greatest things are small  
I found it out when I lost it all  
I've got a plan to make it work  
I know that I've been a jerk Somethin's been changin' inside me  
Will you forgive? Will you believe?  
Can you forgive? Could you believe?
