Mislead

James LaBrie

I can't be here
Not a...
One moment longer
My skin feels
It's crawling
Actions appalling
Ratified, Justified
To keep us quiet
Dominion, opinion
The streets will riotWhose interests are we supporting?
Convinced us in their reportingMislead
NO MORE LAME EXCUSES
Mislead
THEY SHOULD LOOK THE PART
We'll paint their lips a crimson red
Bang it over their heads
Then none of us will feel misleadIt's your move
Can feel it
Tension is rising
No facial expression
But know they're lying
Forefathers
Words spoken
The constitution
Infected, corrupted our institutionsWhose interests are we supporting?
Convinced us in their reportingMislead
NO MORE LAME EXCUSES
Mislead
THEY SHOULD LOOK THE PART
We'll paint their lips a crimson red
Bang it over their heads
Then none of us will feel misleadThey've fallen short
Again to hell with their credentials
If we are to survive
Realize our full potentialMislead
NO MORE LAME EXCUSES
Mislead
THEY SHOULD LOOK THE PART
We'll paint their lips a crimson red

Bang it over their heads
Then none of us will feelMislead
NO MORE LAME EXCUSES
Mislead
THEY SHOULD LOOK THE PART
We'll paint their lips a crimson red
Bang it over their heads
Then none of us will feel mislead
