

Hell Was Made In Heaven

Halloween

There was a time, eating your mind
Eating your heart and your soul
Down to the bone, always alone
Nobody waiting at home
Now allow that we unite our fires
Shout it out, give yourself to me
Yeah, yeah, yeah
Hell was made in heaven
I was made for you
Hell was made in heaven
Made for loving you in sin
Ten years ago you made the vow
Promised your life and your love
Of all you have paid nothing returned
What is enough is enough
Now allow that we unite our fires
Shout it out, give yourself to me
Yeah, yeah, yeah
Hell was made in heaven
I was made for you
Hell was made in heaven
Made for loving you in sin
Now allow that we unite our fires
Shout it out, give yourself to me
Yeah, yeah, yeah
Hell was made in heaven
I was made for you
Hell was made in heaven
Made for loving you in sin
In sin, in sin, in sin
