

# Teenage Deadhead

## Empire

Without a doubt I'm hurtin, I'm hurtin deep inside  
So deep the fire is dyin, It's giving up its light  
The dark is at its blackest, I cried all the tears that I can cry  
Till there's nothing left of youOh, it feels like I've been drowning in my years  
It's only you that saved me from my fears  
So pleased to see the morning light againMy world is dead and you killed it with the things you did  
My life is better without you in it you're a teenage deadhead.  
You've taken all the best things, and made them seem so wrong  
I didn't even notice, till all the love was gone  
And now I feel so stupid, that I let you make me feel that way  
I see it clearly nowOh, it feels like I've been drowning in my years  
It's only you that saved me from my fears  
So pleased to see the morning light againMy world is dead and you killed it with the things you did  
My life is better without you in it you're a teenage deadhead.  
Oh, I feel so lonely don't you know  
I've given all I have to give  
Oh, I feel that I've been wastin all my years  
Oh yeah, Baby Baby Baby Please Yeah!My world is dead and you killed it with the things you did  
My life is better without you in it you're a teenage deadhead
