

# Dyed In The Wool

[Shannon Wright](#)

There goes your body in a box  
That is all i have left  
Now this odor lines my shaking bed There's no order to you  
Come with me you dirty wretch  
I will keep you save How does this duty send me relief  
When i've been cheated of you endlessly There's no order to me  
Come with me you dirty wretch  
I will keep you save
