

Things Are Better (Left Unsaid)

Sever Your Ties

You walk around with your hands in your pockets
You talk too much but you don't like the way you sound
Things are better left unsaid, when youre in love
Things are not okay but you insist to act that way
When everyones your friend
But still youre in love with yourself
Things are better left unsaid, when youre in love
Things are better left unsaid, when youre in love
You tried to, you lied to yourself
What a thing to do when youre in love
I cant believe you still believe
That you are perfectly in key with love
Dont you? Dont you think it's serious to believe such a lie?
Dont you think? Things are better left unsaid, when youre in love
Things are better left unsaid, when youre in love
You tried to, you lied to yourself
What a thing to do when youre in love
I cant believe you still believe
That you are perfectly in key with love
Dont you, dont you, dont you, dont you
Things are better left unsaid
