

Mine, Mine, Mine

Christopher

Hey babe if you havin' doubts
Maybe you forgot what it's all about
Let me tell you it
Don't you know that I got your back
It's written in my face, baby that's a fact
Baby that's a fact Ups and downs, lost and founds
Just let go We gonna be fine
(Yeah yeah, yeah yeah)
When you make up up up your mind
(Yeah yeah, yeah yeah)
Whenever you got got got the time
(Yeah yeah, yeah yeah)
Call me up and say you're mine, mine, mine Take a walk on the sunny side
No it's never too late for you to feel alright
Running away with me can't be wrong
Here's another simple tune, just sing along Ups and downs, lost and founds
Just let go We gonna be fine
(Yeah yeah, yeah yeah)
When you make up up up your mind
(Yeah yeah, yeah yeah)
Whenever you got got got the time
(Yeah yeah, yeah yeah)
Call me up and say you're mine, mine, mine No more sad songs
No tears, life it ain't that long
No more sad songs
One life, one shot
One love, I'll give you all I got
One love, one shot, one shot We gonna be fine
(Yeah yeah, yeah yeah)
When you make up up up your mind
(Oh oh, oh oh)
Whenever you got got got the time
(Yeah yeah, yeah yeah)
Call me up and say you're mine, mine, mine We gonna be fine
(Yeah yeah, yeah yeah)
When you make up up up your mind
(Yeah yeah, yeah yeah)
Whenever you got got got the time
(Yeah yeah, yeah yeah)

Call me up and say you're mine, mine, mineWe gonna be fine
When you make up up up your mind
