

# My Friends Over You

## New Found Glory

Im drunk off your kiss  
For another night in a row  
This is becoming too routine for me  
But I did not mean to lead you on And its all right to pretend  
That we still talk  
Its just for show, isnt it?  
Its my fault that it fell apart Just maybe  
You need this  
And I didnt mean to  
Lead you on You were everything I wanted  
But I just can't finish what I started  
Theres no room left here on my back It was damaged long ago  
Though you swear that you are true  
I still pick my friends over you  
My friends over you Please tell me everything  
That you think that I should know  
About all the plans we made  
When I was never to be found And its all right to forget  
That we still talk  
Its just for fun, isnt it?  
Its my fault that it fell apart 'Cuz maybe  
You need this  
And I didnt mean to  
Lead you on You were everything I wanted  
But I just can't finish what I started  
Theres no room left here on my back It was damaged long ago  
Though you swear that you are true  
I still pick my friends over you  
My friends over you Just maybe you need this  
You need this  
And I didnt mean to  
Lead you on You were everything I wanted  
But I just can't finish what I started  
Theres no room left here on my back It was damaged long ago  
Though you swear that you are true  
I still pick my friends over you You were everything I wanted  
But I just can't finish what I started  
Theres no room left here on my back It was damaged long ago  
Though you swear that you are true

I still pick my friends over you  
My friends over you
