

The Weight

Olivia Broadfield

Bright Lights Throw Me
Oh My God The Music Stopped
Tell Me Where I Just Left Off
I Get So Scared
Everything Starts To Shake
Tell Me That I'm Thinking Straight You Carry All The Weight
You Carry All The Weight
You Carry All The Weight For Me All Eyes On Me
Attentively I Start To Trip
Watch Me As I Start To Flip
I Get So Cold
I Can Not Trust Myself Sometimes
I'm Working On A Dangerous Line You Carry All The Weight
You Carry All The Weight
You Carry All The Weight For Me (Vocalizing)
Always
Always
Stay
Always
Always
Stay You Carry All The Weight
You Carry All The Weight
You Carry All The Weight For Me
