Thin Skin

Montys Loco

please don't be the sensitive one
cause negative thruts are too damn funny
don't frak out the words from my mouth
are against everybody no one is singled out
nobody's protected - nobody's safewhat stereotype ist that
how can you help but laugh
who's feelings are hurt again
this one with the thin skin
who should learn to laugh at himself
at himselfevil for yuks is never malicious
just some bunk to raise the spirits
every group and orientation
is fair game for me to rip on
thin skin - stay away
nobody is safewhat stereotype ist that
how can you help but laugh
who's feelings are hurt again
this one with the thin skin
who should learn to laugh at himself
and everybody elseevil for yuks
thin skin - you suck
evil for yuks
thin skin - you suck
