

# Sons of Privilege

## Alexisonfire

America bearing in my ears all day  
America, I don't see the glory of your ways  
The oldest money flows through a bloodline  
We'll see if your empire stands the test of time  
Don't wanna, I don't wanna  
Be a slave to the sons of privilege  
Don't wanna, I don't wanna  
Be a slave to the sons of privilege  
Sweet Lady Liberty  
You are the lost though you are free  
And what hides beneath  
Can't tell the wolves from the sheep  
Sweet Lady Liberty  
You are the lost though you are free  
And what hides beneath  
Can't tell the wolves from the sheep  
America grin and bare the resentment of the world  
With all your ugliness and arrogance self-worth  
Desperate to grease the gears of the hideous machine  
The swine, they writhe and praise the infallible regime  
Don't wanna, I don't wanna  
Be a slave to the sons of privilege  
Don't wanna, I don't wanna  
Be a slave to the sons of privilege  
Sweet Lady Liberty  
You are the lost though you are free  
And what hides beneath  
Can't tell the wolves from the sheep  
Sweet Lady Liberty  
You are the lost though you are free  
And what hides beneath  
Can't tell the wolves from the  
Lost though you are free in America  
It's time to justify your pride in America  
It's time to justify your pride in America  
It's time, it's time, it's time, it's time  
Sweet Lady Liberty  
You are the lost though you are free  
And what hides beneath  
Can't tell the wolves from the sheep  
Sweet Lady Liberty  
You are the lost though you are free  
And what hides beneath  
Can't tell the wolves from the
