Shake for Me

Howlin' Wolf

Sure look good
But it don't mean a thing to me
Sure look good
But it don't mean a thing to me
I got a hip-shaking woman
Shake like a willow treeYou better wait, baby
You got back a little too late
You better wait, baby
You got back a little too late
I got a cool-shaking baby
Shake like jello on a plateWhen my baby walk
You know she's fine and mellow
When my baby walk
You know she's fine and mellow
Every time she stops
Her flesh it shake like jelloOh, shake it baby, shake it for me
Oh, shake lil' baby, shake it for me
Oh, shake it little baby [Incomprehensible]
Shake like a willow tree
The way you shake it
