Fucking Wizard

Reverend Bizarre

When crimson darkness rules the earth
and creatures gather behind your window...
How does it feel to be all alone?
How does it feel to hear them roam?
Sleep won't come no matter how hard you try.
At your threshold they are stalking - Closer and closer!
When the time has come for you to meet your deepest fear
please don't forget that I will be always near.I'm your saviour, your spark of hope.
Just summon me and I will be there.
With my magick I expel your demon.
With Divining Rod and Blessed Semen.I'm the warlock of carnal lust.
In my dominion pleasure will be yours.
All the things immoral I possess.
I shall build my church in to your flesh.
Ooh!Darkness falls penetrating my balls.
Can this be our reality.
Fool in love, Fucking Wizard.
Can hardly wait - Let's get laid!C'mon baby the time is right.
The most secret Hour of Moon.
Try to make it just one night.
Raise heat until we swoon.Our bodies are full of desire.
Suck me dry so I can die.
Your lips applied with fire
kissing my ass goodbye!
