Nostalgia

Gorguts

Latest being drowned
In fictive degradation
Coming depression revolved
Around an Earth
Nostalgia excludes the wholeAs spleen takes over me
Resound, the echoes of my threnodies
And then the fact of being
Has no longer meaning
The hymns of light
They'll sing once I'll be goneReverie appears cause
Existence collapseNostalgia
Sadness shall obnuilateSadness, feels, the desolatedDesperately lost within
Lament, pain and misery
The more lies burden lives,
The more I am dying
The realm of light
I'll reach once I'll...Latest feeling drowned
In lucid contradiction
Coming relation revolved
Around a heart
Nostalgia excludes the whole[repeat 3rd and 4th verses]
