

# One Life, One Chance

**Jd Nash**

What if I said I was an accident waiting to happen  
Would I trip and fall, fall on my words?  
And would you say, say that I was wrong  
My words were out of place  
Went where I didn't belong? This to me is fact and fiction plays a role  
Confusing situations that I can't control  
Heart of the matter, it beats with pride  
Sometimes, I wear it on my sleeve  
Sometimes, I keep it inside And no one said it was gonna be easy  
And I'm not afraid to try  
And with the odds stacked up against me  
I will have to fight  
One life, one chance, gotta do it right And I can't let fate dictate what's best for me  
Gotta take control of my own destiny  
You can't relate, you think there's no escape  
But I got everything at stake here  
Just to prove you wrong And no one said it was gonna be easy  
And I'm not afraid to try  
And with the odds stacked up against me  
I will have to fight  
One life, one chance, gotta do it right One life, one chance, gotta do it right  
One life, one chance, gotta do it right  
One life, one chance, gotta do it right  
Gotta do it right
