

In Your Arms

Crystal Fighters

Close my eyes and I can feel you here
Oh so close
I want to bring you near
Looking deep into my soul for answers
Seeing ghosts
Who try to make things clear Teach me the way
I can lean in your magic
Your shining light, your shining light
Teach me the way
I can be so I can be
The pure air of love
I'm back where I belong (where I belong) In your arms
I feel like I'm flying with angels beside me
Come from above
To take us to heaven
Right here is where I belong
In your arms
I feel like I'm flying with angels beside me
Come from above
To take us to heaven
Right here is where I belong In your arms
I feel like I'm flying
Right here is where I belong
(I belong, I belong, I belong...) Slip n' slide a kind of waked dream
Sleep inside and cannot wake in dream
Seems so real
You're tellin' me what's needed
Diving deep into infinite waters
It's how it feels
Now that you are here Teach me the way
I can lean in your magic
Your shining light, your shining light
Teach me the way
I can be so I can be
The pure air of love
I'm back where I belong (In, in...) In your arms
I feel like I'm flying with angels beside me
Come from above

To take us to heaven
Right here is where I belongIn your arms
I feel like I'm flying
Right here is where I belong
Where I belong, where I belong...In your arms
I feel like I'm flying with angels beside me
Come from above
To take us to heaven
Right here is where I belong
