Water Me (feat. Leon Ware)

Theophilus London

Vibes
VibesAway, my mind, my soul
To be so young, so old
At death, we laugh away
Free sensationOh wise an ancient voice
Who screams have no choice
Money don't need don't care
It's just a notionGet a little money, oh
Fast motion
Living long enough to do
The sweetest potionGirls, do love my heart, will bring
Wooo
