

# Gravitate to Me

## The The

I've been watching you for ages  
You're like a boat without a mast  
Struggling with the tide of destiny  
Between the future and the past I am the lighthouse  
I am the sea  
I am the air that you breathe  
Gravitate to me Through the ether and the mists of the mind  
You will come to me to lay by my side  
To stroke my hair, to cuddle my flesh  
And to quell the torrents in my subterranean depths This world ain't strong enough to keep us from each other  
For we are kindred spirits, born to become earthly lovers I am the lighthouse  
I am the sea  
I am your destiny  
Gravitate to me There is something in your voice  
Something behind your eyes  
Something inside your heart  
That is beating in time with mine I know you from a previous incarnation  
I know you from a previous incarnation  
I know you from a previous incarnation  
Incarnation incarnation Gravitate to me  
Gravitate to me  
Gravitate to me  
Gravitate to me
