A Little Too Late

Tonya Mitchell

Ohh hey yeh yeh ummmm
Its too lateNo one wanted to believe it more then me
I thought you were so true
I ain't coming back,you'll see
You did me wrong
And I won't be your fool
Tired of always losing sleep
Wondering where you were last night
But baby, it ain't no mystery,i'm giving you up
I don't need this in my lifeIt's a little too late,you've been telling lies,come back around to apologize
It's a little too late,it's a little too late
It's a little too soon for a brand new start,time can only heal this broken heart
Baby,your a little too lateNow you want to make amends
But thats all in dreams
Every story has to have a end,but baby thats not-oh not how love should beIt's a little too late,you've been telling lies,come back around to apologize (oh)
It's a little too late,it's a little too late
It's a little too soon for a brand new start,time can only heal this broken heart
Baby,your a little too lateThis time I'm gonna get back on my feet
Put my life together,cos thats what I need (thats what I need)
Its too late to ease the pain
No it's much to late to try
Don't want,dont need this in my lifeIt's a little too late,you've been telling lies
Come back around to apologize (baby..oh whoa)
It's a little too late,it's a little too late (too late)
It's a little too soon for a brand new start
Time can only heal this broken heart (oh)
Baby,your a little too lateCan you hear me say
It's too late,too too late
It's too late,too too late
Hear you say
It's too late,too too late
Your too late
Umm
It's too late,too too late
It's too late,too too late
Baby your a little too lateIt's a little too late,you've been telling lies
Come back around to apologize (too late,too too late)
It's a little too late,it's a little too late (too late,baby)

It's a little too soon for a brand new start
Time can only heal this broken heart
Baby
