# Comfy In Nautica

## Panda Bear

try try try try try try (repeated)
try to tell me how to do it
only because i'm new to it
coolness is having courage
courage to do what's right
i'll try to remember always
just to have a good time
try to show me that you know me
do you know what coolness really is?
winning is what you want to
but you're scared to go forth
you try to remember always

always to have a good time
good time (x9)
try and have a softer inside
shut up boy and be a soldier
coolness is having courage
courage to do what's right
try to remember always
just to have a good time
winning is what you want to
winning but you're scared to go forth
try to remember always
always to have a good time
good time
