

Wonder Girl

Phazer

Hey Girl,
Whatâ€™s your nightmare?
Whatâ€™s your favorite magazine?
Is your sign like the Scorpio?
In your eyes I see the claws.

I will, I will, I will follow you
Every night and day,
I fear, I tremble free,
Tremble addressing you

If you believe in love,
Donâ€™t regret the time weâ€™ll spent,

Hey Girl,
Why youâ€™re smiling?
What could drop you a flaming tear?
In your mind lays a wonder world,
A world where I wanna live

I will, I will, I will follow you
Every night and day,
I fear, I tremble free,
Tremble addressing you

If you believe in love,
Donâ€™t regret the time weâ€™ll spent,

I wanna run like you do,
I want the sun that you want
Maybe my time is insane.
No time.

I wanna run like you do,
I want the sun that you want
Maybe my time is insane.
Tremble addressing you

How could I try to explain?
How could I try to escape?

I wanna run like you do,
I want the sun that you want
Maybe my time is insane.
No time.

I wanna run like you do,
I want the sun that you want
Maybe my time is insane.
Tremble addressing you
