

Once in a Lifetime

One Direction

Once in a lifetime
It's just right
We make no mistakes
Not even a landslide or riptide
Could take it all the way Somehow, it feels like nothing has changed
Right now, my heart is beating the same
Out loud, someone's calling my name It sounds like you When I close my eyes
All the stars align
And you are by my side
You are by my side Once in a lifetime
It's just right
And we are always safe Not even the bad guys in the dark night
Could take it all away Somehow, it feels like nothing has changed
Right now, my heart is beating the same
Out loud, someone's calling my name And it sounds like you When I close my eyes
All the stars align
And you are by my side
You are by my side (you are by my side)
You are by my side Once in a lifetime you were mine
