Alive

Falcor

We keep crawling, but weâ€™re falling out of ourselves.
You are blind to it, so what if we descend to the place where we see.

Just â€˜cause Iâ€™m living now it doesnâ€™t make me alive.
Just â€˜cause Iâ€™m breathing now it doesnâ€™t mean Iâ€™ll survive.

Ref:
Breathe with me now, help me get it right.
You know I can hear.
Please let me feel! Come on and make it right. Yeah!

Some go all in. We keep falling in a trap. Set us free!
Holding hands again. Others donâ€™t understand.
We are lost, so in need.

Just â€˜cause Iâ€™m living now it doesnâ€™t make me alive.
Just â€˜cause Iâ€™m breathing now it doesnâ€™t mean Iâ€™ll survive.

Ref:
Breathe with me.....

If you canâ€™t see right now it doesnâ€™t mean that youâ€™re blind.
It makes no sense tonight, but please wait. Let us try (please let us try)

Ref: Breathe with me now....
Come on and make it right alive!

Falling and get up again. The time is right now, leave it all behind.
Falling and get up again. The time is right now where we feel alive.
(Repeat)
