

Astral Romance (Remake 2001)

Nightwish

A nocturnal concerto
Candlelight whispers me where to go
Hymn of gathering stars as my guide
Whilst I wander on this path of the nightEmbroidery of the stars
Undress my feelings for this earth
Send me your saliva to heal my scars
And let this nakedness be my birthMacrocosm poured its powers on me
And the hopes of this world I now must leave
The night wish I sent you centuries ago
Has been heard by those who dwelled in a woeThe distance of our bridal bed
Await for me to be dead
Dust of the galaxies take my hand
Lead me to my beloved's landDeparted by the guillotine of death
I received a letter from the depth
The dream of my lover it carried insideCaressed by the sharpest knife
I asked you to be my wife
Rays of the setting sun
Were my tears wept upon promises undoneCome to me
Make me believe
To you and your love againAbove the universe
Beneath the great eye
I shall desire you forevermore
