## Surfer Blood

Forget the second coming  
I need you in the here and now  
Instead of dreamin' up a way to  
Spread your name across the world somehow When you told me you were leavin'  
I wasn't thirsty for revenge  
No I wasn't disappointed much at all  
Cause you'll be back again If you're movin' out to the west  
Then you'd better learn how to surf  
The tide will break in on itself  
There are no ghosts to exhume or unearth If you're gonna do it then do it  
Otherwise you just might lose your nerve  
I swear that ocean it swallowed me fully  
And it might have to follow you home When you wake up in the morning  
And you hear that awful applause  
Put it in your f\*\*kin' napkin  
And watch it dissolve You could seal it in an envelope  
Tuck it away in your safe  
But you can't take it to the bank  
And you can't take it back
