

# Honeymoon In Trinidad

[Audrey Landers](#)

Aaaah...I dream that my lover  
Takes me one day  
To my perfect island  
We'll run away  
We'll dance in the moonlight  
Love on the sand  
Play all day in the sunshine  
My dream manHoneymoon in Trinidad  
Make my dreams come true  
Day and night and all my life  
I'll be with you  
Honeymoon in Trinidad  
Oh, we can leave today  
Come with me to the island, let's fly away  
Come with me to the island and hideawayI'm dreaming of evenings you'll hold me tight  
I'll tell you my secrets all through the night  
And when we are married, we'll have such fun  
Forever lovers under the sunHoneymoon in Trinidad  
Make my dreams come true  
Day and night and all my life  
I'll be with you  
Honeymoon in Trinidad  
Oh, we can leave today  
Come with me to the island, let's fly away  
Come with me to the island and hideawayThe first time I saw you  
You've looked at me and I knew  
I wanted this feeling to last forever  
Baby, I love you  
When we're close together  
You know it feels so right  
Let's start forever right now  
Let's honeymoon tonightCome with me to the island and hideawayHoneymoon in Trinidad  
Make my dreams come true  
Day and night and all my life  
I'll be with you  
Honeymoon in Trinidad  
Oh, we can leave today  
Come with me to the island, let's fly away  
Come with me to the island and hideaway
