Acid rain falls clear up out the sky
feelz like every dropz running through my heart
Lost the starring role up in your life
and now somebody else gets to play the part (part)Hook:
Im tryin

Cuz the rain
(is comin down hard)
I wanna
(wanna come home again,gain,gain)Its like im out here on skid road

Im out here fendin for myself
i cant feel you no more
a-lone and cold

Baby without your love im homelessVerse 2:
I start looking In and i know why (know why)
