Stars Come Out

Atb

You light me up
You bring the crowd
I think about this
Everytime the stars come out
You light me up
You chase the clouds
I think about this
Everytime the stars come out [x5]
Everytime the stars come
You light me out
You bring the crowd
I think about this
Everytime the stars come out

You light me up
You chase the clouds
I think about this
Everytime the stars come out [x5]
Everytime the stars come
You light me up
Everytime the stars come
You bring the crowd
Everytime the stars come out
You light me up
Everytime the stars come
You chase the clouds
Everytime the stars come out [x5]
