Don't Let Me Go

Bernhoft

I feel like a worker bee
Sitting all alone in here
In this long deserted hive.
All relations gone to pieces
I drove the people close to me
Miles away out of my sight.
And now I'm like a naked man
Standing in the desert trying
Trying to sell a Messiah for silver.

Please hold me back
And don't let me go
When I go crazy,
Don't let me go!
All of my bridges are crumbling to dust
And you might be the only one that I can trust
So please hold on,
Hold onto me now!

You were not the first I've seen
Getting eaten from within
Being what you do
It's easy enough to lose a step or two
Dodging bullets while building a truce
Don't beat yourself up about it!
What you lost you can't get back
A little perspective right here in this track
I've seen children get sold for silver

I could hold you back,
But I won't treat you so
I don't think you're crazy
And I won't let you go
I'll be the someone you can hold onto
But I won't be somebody holding onto you
Weighting you down.

No, no, no, no, no
Don't have the courage to
Take another step let alone two

I'll fall into the big black sea.
Sure you can if I can soak in you
Lean on me I will be there
And it's blue can't you see.

I won't let you go
And I won't hold you back
I'll walk the whole mile with you
Watching your back
Never ever let you go
And never hold you back
I'll be forever someone you can trust!
