

# Jackie Cane

## Hooverphonic

Jackie Cane was everybody's sugar  
She gave it all wherever it took her  
They used her up before the sell-by date  
To be so sweet was her only mistakeThe only flower in a concrete garden  
Destined to be the rock that wouldn't hardenJackie Cane was everybody's sugar  
She'd melt away if only she could of  
Taken for granted, abused and drained  
They ran her dry and then it never rainedShe was the queen of the 25th hour  
They looked so sweet but the after-taste was sourSalty days for Jackie Cane  
Salty days for Jackie Cane  
Salty days for Jackie Cane
