Ladytron

Ground floor, ladies' clothes, sportswear, stationery

First floor, kitchenware, furnishings, confectionery

Second floor, children's toys, back to school, and many more

Fourth floor, electronic, fake antiques, and lingerie

I saw your face on a black-and-white screen

I knew your name from the checkout machine

You don't have to spend, you just have to pretend

Ground floor, ladies' clothes, sportswear, stationery

First floor, kitchenware, furnishings, confectionery

Second floor, children's toys, back to school, and many more

Fourth floor, electronic, fake antiques, and lingerie

I saw your face on a black-and-white screen

I knew your name from the checkout machine

You don't have to spend, you just have to pretend

Ground floor, ladies' clothes, sportswear, stationery

First floor, kitchenware, furnishings, confectionery

Second floor, children's toys, back to school, and many more

Fourth floor, electronic, fake antiques, and lingerie

I saw your face on a black-and-white screen

I knew your name from the checkout machine

You don't have to spend, you just have to pretend

Ground floor, ladies' clothes, sportswear, stationery

First floor, kitchenware, furnishings, confectionery

Second floor, children's toys, back to school, and many more

Fourth floor, electronic, fake antiques, and lingerie

I saw your face on a black-and-white screen

I knew your name from the checkout machine

You don't have to spend, you just have to pretend
