

Slow Down Old World (Alternate Version)

Willie Nelson

Slow down, slow down old world
There's no hurry
'Cause my life ain't mine anymore
I live too fast
Now it's too late to worry
And I'm too blue to cry anymore
I once was a fool for the women
Now I'm just a fool nothing more
So slow down, slow down old world
There's no hurry
'Cause my life ain't mine anymore I once had a way with the women
Till one got away with my heart
So slow down, slow down old world
There's no hurry
'Cause my life ain't mine anymore
'Cause my life ain't mine anymore
