

Valentine Song

Lotte Mullan

You light up the room
And you don't even know
It's all I can do
To leave you alone
Don't bring me flowers
You? worry too much
Oh my darlin? to know you love me, it's enough

A cold wind is blowing
It's Valentine's day
Our debts they keep growing
You've not a penny to your name
So no wine and no chocolates But I don't need much
Oh my darlin? to know you love me, it's enough

We can dance round the kitchen
Candles cost nothing
You could make me a ring from a milk bottle top
When the money runs out in the meter maybe we'll stop
But you'll light up the room
And you? won't even know
It's all I can do
To leave you alone
So babe who needs flowers
All that champagne and stuff
Oh my darlin? to know you love me , it's enough
Oh my darlin? to know you love me , it's enough
