

# The Watchman's Lament

[Ed Kowalczyk](#)

Why do we sleep tonight why don't we keep the watch?

When the master said we know not

When he comes, when he will come now

Gonna testify to the love, and the light i've been given

But i'm mystified by the signs and the things undiscovered

Gonna testify to the love and the light ive been given.

Gonna testify

Why can't we rise again

Why don't we right this wrong

When inside my heart I know...

I am strong, he made me strong now

I guess it's the part of me that believed in her

Hey, we all long to be loved

To be whole again, like a child
