

Beneath the Skin

Spiritual Beggars

Always there to gloat
Revel in your failure
Echo in your head
A familiar voice I am the clown in the mirror
The part of you, you hate
Never far away
Just there beneath the skin You sold your soul to me
A long, long time ago
Your lonely insecurity
Made me your master I am the clown in the mirror
The part of you, you hate
Never far away
Just there beneath the skin I am the clown in the mirror
The part of you, you hate
Never far away I am the clown in the mirror
The part of you, you hate
Never far away
Just there beneath the skin
