

# Freaking Out(Chris Vrenna Remi

## Adema

I was so much an outcast  
No one ever liked me cause I wasn't wanted  
I was so different from the rest of them all  
Fucked up on the drugs, from all the speed  
And I never got no sleep  
Cause I kept on trippin' over what they said  
And everything that my mom said made me mad  
And everything that my dad said made me sad Why am I even trying?  
I'm crying out, I'm crying out  
I cannot seem to keep from freaking out  
Spinning round, spinning round, I've fallen down  
I cannot seem to keep from freaking out You keep shootin' those glances  
Relating to the rawness, I'm a fuckin' lost kid  
Trying so hard to become just like me, talk like me, walk like me  
You keep trippin' on everything I wear, every time I swear  
Even when it comes to my hair  
It seems like you don't have the time to relate to my kind  
I'm not a dope pullin' your life Why am I even trying?  
I'm crying out, I'm crying out  
I cannot seem to keep from freaking out  
Spinning round, spinning round, I've fallen down  
I cannot seem to keep from freaking out  
I'm trippin' out, I'm trippin' out  
I cannot seem to keep from freaking out  
Draw me down, breaking down  
I've hit the ground  
I cannot seem to keep from freaking out Your dreamy dreads  
Are you still tripping on me?  
You're drinking dread  
Are you still tripping on me?  
Now do you drift?  
Are you still tripping on me?  
Now do you drift?  
Why are you tripping on me? I was so much an outcast  
Find a way to make it right  
I was so much an outcast  
I can't seem to find a way to make it right  
I was so much an outcast  
No ever liked me

I can't find a way to make it right  
I was so much an outcast  
I can't seem to find a way to make it right Why am I even trying?  
I'm crying out, I'm crying out  
I cannot seem to keep from freaking out  
Spinning round, spinning round, I've fallen down  
I cannot seem to keep from freaking out  
I'm trippin' out, I'm trippin' out  
I cannot seem to keep from freaking out  
Draw me down, breaking down  
I've hit the ground  
I cannot seem to keep from freaking out  
I'm crying out, I'm crying out, I'm crying out, freaking out  
Draw me down, breaking down  
I've hit the ground  
I cannot seem to keep from freaking out
