# Ref

## Pentatonix

(Verse)
Maybe I got just a little to much pride to let you back into my life.
You think I miss you. I bet, I bet.
Maybe you thought about what you put me through.
I'm sorry it's long overdue.
You wanted it back. I bet, I bet.(Prechorus)
So cry, cry baby I already let you go.
Bye, bye baby I don't mess with you no more.
Nah, nah baby just because I'm moving on don't you remember back in the day when all you had to do was(Chorus)
say yes, but you walked away.
You made your bed, you know the rest.
Now you want me to stay I did you right but you went and left.
You think this is a game you ain't gon win cause I'm the ref.(verse)
D-E-R. All because of your ego.
You thought that you were irreplaceable. Yeah.
A couple things you can't erase you'll learn your place from your mistakes.(Prechorus)
So cry, cry baby I already let you go.
Bye, bye baby I don't mess with you no more.
Nah, nah baby just because I'm moving on don't you remember back in the day when all you had to do was(Chorus)
say yes, but you walked away.
You made your bed, you know the rest.
Now you want me to stay I did you right but you went and left.
You think this is a game you ain't gon win cause I'm the ref.I bet you're thinking I will take you back just like I did the last time. Ain't having that.
