

Follow Your Heart

Consumed by Fire

I've done life on my own
and then I've surrendered
there's two ways to go
and grace is the answer you don't have to worry
about tomorrow
lay down all your burdens
they were never yours to borrow
another road may seem easy
when the road you're on gets hard
but don't forget to follow your heart it doesn't matter where you're at
it only matters where you're going
take a step and don't look back
there's only one way of knowing you don't have to worry
about tomorrow
lay down all your burdens
they were never yours to borrow
another road may seem easy
when the road you're on gets hard
but don't forget to follow your heart and when you want to give in
and you're about to give up
and when you're crying out for answers
cause the wait/weight is too much you don't have to worry
about tomorrow
lay down all your burdens
they were never yours to borrow
you don't have to worry oh you don't have to worry
about tomorrow
lay down all your burdens
and they were never yours to borrow
so don't forget
oh no
so don't forget
to follow your heart
