123 (Version FranÃ§aise)

Craig Smart

You're beautiful, more beautiful than the first day we met,
It's magical and I love you more each day with every breath
When I look at you, I can see forever in your eyes!
When I fell for you, you caught me like I was a falling star,
You know it's true, I wanna be with you no matter where you are,
I already knew, that we were always meant to be,
Chorus:
Oh, loving you is just like the air that I breath,
It comes to me so naturally, it's easier than 123.
Incredible, you're super women in so many ways,
Powerful, you're a vision of a what perfect is to me,
And you do it all, with a smile upon your face
And I promise you, I'll never, ever make you cry,
We'll tell the truth, we'll never ever speak one lie,
I wanna love you, until the end of time, yeah!
Chorus:
Loving you is just like the air that I breath,
It comes to me so naturally, it's easier than 123.
Loving you, it's just like a sweet melody,
It comes to me so naturally, it's easier than 123.
Loving you so easy, it comes naturally to me,
I don't even have to try, it flows effortlessly,
I knew it when i saw you that we were meant to be baby!
You're everything to me!
Chorus: (x2)
Loving you is just like a sweet melody,
It comes to me so naturally, it's easier than 123.
Loving you, it's just like the air that I breath
It comes to me so naturally, it's easier than 123.
