The Anal Staircase

Coil

And the angels kiss
Our souls in bliss
Measure the extent
of a dizzying descent
Down the
Anal staircase.
Put just one foot on
the staircase
And the next step
you're down here
On this face.
And the rapids
Of my heart
Will tear your
ship of live apart
And we'll
End up wrecked
We'll end up
at the start
Of the Anal Staircase.
And the angels kiss
Our souls in bliss
Measure the extent of a
dizzying descent
Down the
Anal staircase.
Take a
hollowpoint revolver
Shoot down the rapids
Of your heart
Blow the fucking
Thing apart
Blow the fucking
Thing apart.
One step
Two step
Three step
Four Step.
