

The Anal Staircase

Coil

And the angels kiss
Our souls in bliss
Measure the extent
of a dizzying descent
Down the
Anal staircase.

Put just one foot on
the staircase

And the next step
you're down here

On this face.

And the rapids
Of my heart

Will tear your
ship of live apart

And we'll

End up wrecked

We'll end up
at the start

Of the Anal Staircase.

And the angels kiss

Our souls in bliss

Measure the extent of a
dizzying descent

Down the
Anal staircase.

Take a
hollowpoint revolver
Shoot down the rapids

Of your heart

Blow the fucking

Thing apart

Blow the fucking

Thing apart.

One step

Two step

Three step

Four Step.
