

Cross the Line (Live from the N.E.C.)

Spandau Ballet

We have no way to see eye to eye
Through all the walls in their mind
These are the pleasures that terrify
So leave them behind
You keep the chains that are in your life
We'll take flight of the dove
There's only one way to satisfy
This feeling that's love
And I'll say it again, and I'll say it again
And if the power comes between us
Oh, I'll know what to do,
I'm gonna say it to you
Cross the line tonight,
Take this chance and show your might,
All the world's on the other side,
Cross the line
Raise a flag to a moral crime,
We'll light a fire for this,
Make the papers by morning time
And lay in our bliss
So come on darling and share my mind,
There is no need to stay hid
'cause all we are now is two of a kind
Can you believe what we did?
And I'll say it again, oh, and I'll say it again
That when the power comes between us
Oh, I'll know what to do,
I'm gonna say it to you
Cross the line tonight
Take this chance and show your might
All world's on the other side
Cross the line
Mother come to me now,
Take this hand now, I'm afraid
Mother, come to me
I'm bleeding
We had no way to see eye to eye
Through all the walls in their mind
These were the pleasures that terrified

We left them behind
And I'll say it again, and I'll say it again
And if the power comes between us
Oh, I'll know what to do,
I'm gonna say it to you
Cross the line tonight,
Take this chance and show your might,
All the world's on the other side,
Cross the line
