

# Every Thug Needs A Lady

## Alkaline Trio

I know it's dark here, you know what I'm scared too  
For some reason right now, of everything but you  
And right now you're all that I recognize  
You know I came here when I needed your soft voice  
I needed to hear something that sounded like an answer  
Now I wait here and sometimes I get one And it's nothing I'll forget when the moon gets tired  
You are stuck to me everyday  
Believe in what I am because it's all that I have today  
And tomorrow who knows where we'll be  
From here I can hardly see a thing  
But I will follow anyone who brings me to you  
For now, forever, for on and on and on You know it starts here, outside waiting in the cold  
Kiss me once in the snow I swear it never gets old  
And I will promise you I can make it warmer next year  
You know I came here because I needed your soft voice  
I needed to hear something that sounded like an answer  
Now I stay here, and everyday I get one And it's nothing I'll forget when the moon gets tired  
You are stuck to me everyday  
Believe in what I am because it's all that I have today  
And tomorrow who knows where we'll be  
From here I can hardly see a thing  
But I will follow anyone who brings me to you  
For now, forever, for on and on and on  
For on and on and on
