Give Me Faith

Royal Tailor

I wanna feel the strength David felt
With a rag and a rock, knowing that he couldn't fail
And I wanna trust that would lead me up a hill
To give my only son, if I knew it was Your will
I want a faith like that, God give me faith like thatTo speak your word and mountains move
To reach beyond all I can do
Cause your doing things I cannot see,
So I'm gonna trust you and believe
You are all I need, give me faithWhen my heart's about to break
Don't know how much I can take
And my soul is like a ship, overtaken by the waves
I need the courage to walk on the water and be strong
Like Peter in the storm until I fall into your arms
I want a faith like that, God give me faith like thatI believe you're strong enough to save
I believe every promise you've made
And when I just don't understand,
You hold my world inside your handsI'll speak your word and mountains move
I'll reach beyond all I can do
Cause your doing things I cannot see,
So I'm gonna trust you and believe
You are all I need, give me faith
