## IlldotLogic

It seems like you've always known exactly what to say  
And meanwhile I never know what to do with myself when I get this way  
So I'm walking on, take comfort in all the nights we shared  
I guess I'm walking on 'cause there's nothing left inside of me that cares  
I'm sorry that I can't deny, feelings that I've put aside  
And I've wasted my time for so long so tell me how could this go up

In flames when I've been awaiting the return of blood  
It seems like you've always known things would turn out this way  
Sometimes you never know what can happen on any given day  
It seems like you've always known things would turn out this way
