Born Stubborn

Sepultura

Stubborn from the start Obey no one no matter what? Our life it's our right Why don't you go away We live without orders We live without rules Tear down the walls That try to hold us in My tribe is my own right And I don't have to tell you why? It's been like that from the start You can't break apart Sepultura in our hearts Can't take it away These roots will always remain Born in pain Born stubborn Stubborn from the start Obey no one no matter what? Our life it's our right Why don't you go away?

We live without orders
We live without rules
Tear down the wall
That try to hold in
Born in pain
Born stubborn
Born

My tribe is my own right
And I don't have to tell you why?
It's been like that from the start
You can't break apart
Sepultura in our hearts
Can't take it away
These roots will always remain
Born stubborn
Born in pain
Born in pain

Suffering life make us rise
