Allister

well i think the time has come to tell you how i feel about everything thats been inside my mind since the day  
we crossed the line into his real life fantasy cause i poured my heart into the last 3 years of wondering what i  
should do should i cash the check and trade in what i though i knew your promises don't help to make it  
easiercause the last thing that i need is somebody like you to push me around and tell me what to do i know  
theres a time and place where you can call the shots but it's not herecause i poured my heart into the last 3 years

of wondering

what I should do

should I cash the check

and trade in what I thought I knew

your promises don't help to make it easierBecause the last thing that I need is somebody like you

to push me around and tell me what to do

I know theres a time and place where you can call the shots

but it's not hereCause I think this whole life is just overrated

this whole life is too complicated

this whole life is just overrated now

this whole life is just overrated

this whole life is too complicated

this whole life is just overrated nowI don't remember what you said to me that night

so I just signed the dotted lineCause now I find out this whole life is just overrated

this whole life is too complicated

this whole life is just overrated now

this whole life is just overrated

this whole life is too complicated

this whole life is just overrated now
