Fade Away

Blur

They stumbled into their lives

In a vague way became man and wife

One got the other, they deserved one another They settled in a brand new town

With people from the same background

They kept themselves busy, long hours left them dizzyNow when he's in she's outAll you do is fade away

All you do is fade away

He's not making plans 'cos now they understand

All you ever do is fade awayHe noticed he had visible lines

She worried about her behind

Their birth had been the death of them

It didn't really bother themNow when she's in he's outAll you do is fade away

All you do is fade away

She's not making plans 'cos now she understands

All you do is fade awayWhen he's in she'sAll you do is fade away

All you do is fade away

They're not making plans 'cos now they understand

He must learn to forget 'cos this is all you'll ever getAll you do is fade away

All you do is fade away

All you do is fade away

All you do is fade awayThey're not making plans 'cos now they understand

All you do is fade away

All you do is fade away

All you do is fade away
